Kannur University, Kerala, India

- ✓ *GPA*: 7.0/10
- ✓ *Languages*: C, C++, Java and Python
- ✓ *D*ata structures and algorithms
- ✓ *C*omputer systems and network
- ✓ *W*eb development and database management

INTERNSHIP

Mearn Stack Oct 2024 – Ongoing

Luminar Technolab Kerala, India

- ✓ I'll be focusing on the MERN stack (MongoDB, Express.js, React, Node.js). This opportunity will allow me to deepen my skills in full-stack development and contribute to innovative projects in the tech industry.
- ✓ Develop full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js) to create responsive and efficient user interfaces.
- ✓ Collaborate with team members using Git for version control and Agile methodologies to ensure timely project delivery.
- ✓ Utilize JavaScript (ES6), TypeScript, and frameworks such as Bootstrap to improve UI design and application functionality.
- ✓ Conduct testing, debugging, and optimize applications for performance and scalability.

PROJECTS

Project Management System

- ✓ Developed a robust intranet application using Python, Java, and MySQL, aimed at revolutionizing project submission processes within educational institutes.
- ✓ This innovative system ensures security through user authentication, facilitates seamless file upload/download, and introduces automated submission tracking.
- ✓ The primary focus was on modernizing project submission procedures, enabling online topic submissions, document uploads, and online approval by the head of the department.

- ✓ Github link : https://github.com/rojalj17/apple-website

Sogno E-commerce Website
- ✓ A fully responsive e-commerce platform, designed to bring you an unparalleled shopping experience.
- ✓ User-Friendly Design : Seamlessly browse products with an intuitive interface.
- ✓ Responsive Accessible : Perfectly optimized for all devices and users.
- ✓ Secure Payments : Shop with confidence using safe and trusted payment gateways.
- ✓ Filters Sorting : Quickly find your favorites with advanced filters and sorting options.
- ✓ Dynamic Catalog : Explore a wide range of trendy products updated regularly.
